

PRESS RELEASE

COVID-19 Vaccination Drive organized by the Shipping Corporation of India Ltd.

The Shipping Corporation of India Ltd. (SCI), on 18th June 2021, organized a COVID-19 vaccination drive in coordination with Jaslok Hospital & Research Centre, at the Shipping House, Mumbai, , with the aim to accelerate the COVID-19 immunization penetration amongst the citizens of India.

The drive organised aimed at maximum coverage of COVID-19 vaccination to the citizens in line with the Government of India announcement of a Liberalised and Accelerated Phase 3 Strategy of Covid-19 Vaccination. Through this initiative SCI made a humble effort which evidenced good support from stakeholders and beneficiaries of all age groups from 18 to 80 years.

The Vaccination Drive was inaugurated by Mrs. H.K. Joshi, C&MD, SCI, in the presence of Mr. Atul Ubale – Director (B&T) and Capt. B.K. Tyagi Director (L&PS). She stated that the drive was for a noble cause and all citizens are required to work in tandem, so that the battle against COVID-19 can be won.

Through the drive, the beneficiaries could avail of the 1st or 2nd dose (based on their vaccination schedule) of both Covishield as well as Covaxin vaccine. Adherence to social distancing protocols was ensured by the Organising Team and safety measures were strictly followed by all present. Additionally, as a part of healthcare protocol, qualified doctors, nurses, support staff and Cardiac Ambulance were available on standby.

“Transporting goods, transforming lives” is SCI’s motto and the vaccination camp is another step towards transforming lives.
