## Notes:

1. The above results were approved by the Board of Directors at its meeting held on 12.02.2015. In the absence of independent directors, Audit Committee could not be constituted and the results were placed directly before the Board of Directors. These results have been subjected to a limited review by the Statutory Auditors of the Company .
2. Segment Results:
a. Segment definitions: Liner segment includes breakbulk, container transport, passenger vessels and also passenger vessels \& research vessels managed on behalf of other organisations. Bulk segment includes tankers (both crude and product), dry bulk carriers, gas carriers, phosphoric acid carriers and LNG vessels managed on behalf of joint venture companies. Technical \& Offshore services segment include company owned offshore vessels, offshore vessels managed on behalf of other organisations and income from technical consultancy. Others segment include income earned from Maritime Training Institute. Unallocable items and interest income/expenses are disclosed separately.
b. All assets/liabilities, expense \& revenue items are allocated vessel wise wherever possible. Expense \& revenue items that cannot be allocated vessel wise are allocated on the basis of unit cum GRT method i.e. $50 \%$ allocated on the basis of units \& balance $50 \%$ on the basis of adjusted GRT. For vessels which are bigger than 20000 GRT, GRT is adjusted to one third of GRT or 20000 GRT, whichever is more.
3. The details of foreign exchange loss/gain for the period is as under:

> ₹ in lakhs

| Period | Capitalised to cost of <br> vessels | Included in "Other <br> expenditure"/"Other <br> income" |
| :--- | ---: | ---: |
| For the quarter ended 31 ${ }^{\text {st }}$ December, 2014 | 19281 lakhs (loss) | 2951 lakhs (gain) |
| For the quarter ended 30 ${ }^{\text {th }}$ September, 2014 | 16994 lakhs (loss) | 4374 lakhs (loss) |
| For the Nine Months ended 31 ${ }^{\text {st } D e c e m b e r, ~ 2014 ~}$ | 36279 lakhs(loss) | 1059 lakhs(loss) |
| For the Nine Months ended 31 ${ }^{\text {st } D e c e m b e r, ~ 2013 ~}$ | 109698 lakhs (loss) | 3854 lakhs (gain) |
| For the year ended 31 ${ }^{\text {st }}$ March,2014 | 80082 lakhs (loss) | 7062 lakhs (gain) |

4. During the quarter ended 31.12 .2014 , the Company sold two offshore supply vessels M.V. C.P. SRIVASTAVA of DWT 1758 and M.V. SCI-03 of DWT 1763 and one crude oil tanker M T Gandhar of DWT 1,47,474 .
5. During the quarter ended 31st December 2014, the company has provided for interest income of Rs. 305 Lakhs over and above the interest income of Rs. 1740 Lakhs provided in the previous quarter ended September 30, 2014 on the amount due from A \& N administration as per contractual terms for which confirmation from the said party is awaited.
6. The auditors in their limited review report for the quarter ended $31^{\text {st }}$ December , 2014 have brought out that;
a. The discount rate taken as Weighted Average Cost of Capital in absence of asset specific market rate has not been adjusted for currency risk and country risk required under para 51 of Accounting Standard 28 "Impairment of Assets" issued by ICAI on the management's mere presumption of nonexistence of any such risks. In the absence of any workings for such risks, the compliance to said para of AS - 28 is indeterminable and the impact on results on availability of the required workings is presently unascertainable.
b. We draw attention to the recording of the transactions directly in the operational software by the agents, out of which substantial transactions remain unverified by the company for the period, in respect of Liner Segment.

The management's views on the above observations are as below:
a. While doing the impairment exercise as on 30.09 .2014 i.e balance sheet date, company has taken weighted average cost of capital as the discounting factor as per clause 50 of AS 28 . The Company has done analysis of risks such as country risk, currency risk, price risk, cashflow risk and asset specific risks. It is found that there is no necessity to make any adjustment to the discounting rate as per clause 51 of AS 28.
b. As per the system adopted by the company, port related expenses are booked by the agents through specially designed software. The same are subsequently verified by an external firm \& approved by the company. This process takes time due to involvement of multiple departments in the approval process. From our past experience it has been observed that relatively minor amount of expenses are disallowed by the company subsequently. Hence, the impact on Statement of Profit \& Loss Account is not expected to be material.
7. The figures of the previous year/ period have been regrouped or rearranged wherever necessary / practicable to conform to current year / period's transactions.
