Capt. Suneha Ghadpande, CEO Divya Jatin Jain and the entire Women Officers Team aboard Swarna Krishna.

It is truly a momentous and a landmark Sailing that you would be embarking upon tomorrow. The occasion that all of us have been looking forward to in earnest – a testimony to the persevering and daring women who have withstood the trials and travails of the seafaring profession and proved their mettle in yet another male-dominated field. As role models to the aspirants in this coveted profession, your journey ahead would set an example for all who would want to rise above their limited selves, inhibitions and comforts and tread the path that had been least taken.

I wish to see you rise up to the occasion again and again and continue on this path of excellence and perform diligently, meticulously and with all safety. Your shoulders carry the responsibility of not only what is required of you in discharge of your duties, but also the responsibility of proving yet again to the posterity .... the power of womanhood, resilience, strength and courage, as done by our predecessors too.

Dare and Do well my Team and empower yourself to excel and revel in all that you do and bring glory and honour to the national and global maritime. BON VOYAGE!
